

**KIAL/PE-C/119/2015-16**

**26 January 2016**

**Corrigendum No: 2**

**Sub: “Construction of Kannur International Airport -Trial Landing -Sh: Organizing function Through event management”**

**Ref: NIT No: KIAL/PE-C/119/2015-16 dated 20 January 2016 published in KIAL website**

The following clarifications may be noted with reference to above work.

**ITEM NO: 25**

The bidder has to work out the capacity of DG set according to the total power requirement including all services which is to be provided for the whole function and quote accordingly. The standby set also should have the same capacity.

All other terms and conditions remain unchanged
